

Liquid Handling Pumps & Mixers

Dean Pumps

Centrifugal Process Pumps; API, ANSI, Mag Drive and High Temperature

Leistriz

Screw Pumps; 2, 3, 4, & 5 Rotor Designs; API & Non-API Configurations

National Pump

Vertical Turbine Deep-Well & Close Coupled Pumps & Submersible Turbine

Teikoku/Chempump

Sealless Centrifugal Canned Motor Pumps

Truflo

Centrifugal Process Pumps; ANSI Mag Drive and Non-Mag Drive

Viking Pump

Positive Displacement Rotary Gear, Lobe and Vane Pumps

Grindex

Submersible Dewatering Pumps; Sludge, Slurry, Drainage, & Innox Pumps

Dynamix

Tank and Tote Mixers

Philadelphia Mixing Solutions

Side-entry Mixers

Filtration & Noise Control

SPX Filtration/Plenty

Filtration Products for Air, Gas and Liquids. Coalescing Filters, Strainers, Custom Fabricated Filters

Pure Air

Absorbent Media & Filtration Systems

United McGill

Noise Control Products & Systems; Sound Enclosures, Curtains, Silencers, Filters and Filter Silencers

Universal Silencer

Rotary Blower, Engine, Fan, Gas Turbine and Absorptive Silencers, and Filter Silencers

Bulk Solids Handling Equipment

FL Smidth

FK Pumps for Pneumatic Conveying, Airlides, Rotary Feeders & Diverter Valves

FormPak

Material Handling Systems, Bulk Bag Fillers, Unloaders, Dump Stations, Flexible Screw Conveyors

Process Gas & Air Compressors

Blackmer

Reciprocating Gas Compressors

FL Smidth

Positive Displacement Sliding Vane Compressors

Gardner Denver Nash

Liquid Ring Compressors

Quincy

Air Compressors, Nitrogen Generators, and Air Dryers

Corken

Reciprocating Compressors

Blowers, Fans & Vacuum Pumps

Gardner Denver

Single & Multistage Centrifugal Blowers

Positive Displacement Rotary Blowers & Vacuum

Gardner Denver Nash

Liquid Ring Vacuum Pumps

Welch Vacuum - Gardner Denver

High Vacuum Pump, Duo-seal Vacuum Pump, Single Stage Rotary Vane, Laboratory or Process

Dresser Roots

Positive Displacement Rotary Blowers

Tuthill MD Pneumatics

Positive Displacement Rotary Vacuum Pumps & Rotary Blowers

Tuthill Kinney

Liquid Ring, Dry Screw & Rotary Vane Vacuum Pumps

Republic

Air Knife Drying Systems, Dry and Oil Lubricated Vane Compressors, Single and Two Stage Regenerative Blowers

Howden American Fan

Engineered Axial & Centrifugal Industrial Fans, FRP Cooling Fans Centrifugal

Service & Repair

Repair Center

10,000 Square foot repair center, Rebuild and Modification of Rotating Equipment; Vacuum Pumps, Centrifugal, both Vertical & Horizontal Pumps, Blowers, Gear Boxes, etc.

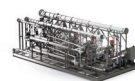

Field Service

Factory Trained Technicians, Fully Equipped Service Vehicles available 24/7

Packaged Systems

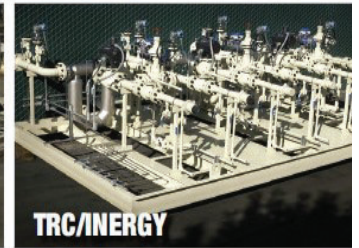

Engineered Skid Mounted Systems

3D Modeling, Base Plates, Pre-Piped, Pre-Wired, Testing, ASME Welding, Control Systems, Class A Engineering Contractors License & complete "Turn Key" Packaged Systems

Packaged System Applications

Specific System Packages

- Vapor Recovery Units
- LACT Units (Custody Transfer)
- Automatic Well Testers (AWT's)
- Natural Gas Compressor Packages
- Instrumentation Air System Packages
- Nitrogen Generator Packages
- Railcar Loading and Unloading
- Process Gas Compressor Packages
- Pneumatic Conveying Systems

General System Packages

- | | | |
|----------------|--------------|---------------|
| · Metering | · Gas Boost | · Separation |
| · Vacuum | · Blanketing | · Cooling |
| · Injection | · Pigging | · Transfer |
| · Extraction | · Mixing | · Remediation |
| · Evaporation | · Degassing | · Loading |
| · Filtration | · Conveying | · Compression |
| · Conditioning | · Hold Down | · Aeration |

Capabilities

ISO 9001 Certified, & Class A Engineering Contractor

DESIGN & INTERGRATION

Integrate New & Existing Equipment
Equipment Selection & Specification
Equipment & Piping Layout Design
Functional & Performance Testing
Instrumentation & Controls
Sound Attenuation

ENGINEERING

Solid Works 3D Modeling
P&ID Drawings
Project Management
Process Evaluation
Feasibility Studies
Equipment Application
System Startups
Controls/System Integration

FABRICATION

Pressure Piping – ASME B31.X
Pressure Vessels – ASME Coded
Structural Welding – AWS D1.1
TIG, MIG, & Flux-Cored
Hydrostatic Testing to 3000 PSIG
Mag Particle, Dye Pen & Radiography
